ABOUT ME

A highly motivated and dedicated 19-year-old with a solid academic background and a passion for technology. Recently completed HSC with an impressive rank and currently pursuing a Bachelor of Computer Applications (BCA) while actively learning full-stack web development. Proficient in a range of programming languages and technologies, including HTML, CSS, jQuery, Bootstrap, C, JavaScript, Node.js, basic Data Structures and Algorithms (DSA), Python, MySQL. Eager to leverage technical skills and knowledge in a challenging role to contribute to innovative projects and continuous learning.

KEY COMPONENTS

Technical Skills:

- Web Development: HTML, CSS, jQuery, Bootstrap, JavaScript, Node.js, React.js.
- Programming Languages: HTML, C, JavaScript.
- Worked With Databases : MongoDB, MySQL.
- Data Structures and Algorithms: Basic DSA knowledge.

Professional Goals:

- Enthusiastic about applying technical skills to real-world projects.
 - Committed to continuous learning and professional development.
 - Eager to contribute to innovative projects in a dynamic work environment.
-

PROJECTS

E-Commerce :

HTML , CSS , Bootstrap , JavaScript

https://github.com/abhishek121205/E_Commerce Js

- Integrated JavaScript to handle interactive elements such as product filtering, search functionality, and dynamic content updates.

Chat App:

React.js, Node.js, Json-server, Tailwind Css

https://github.com/abhishek121205/ChatApp_Backend

- Our cutting-edge Chat Application is built with a modern tech stack to deliver seamless communication and an intuitive user experience. Leveraging React.js for frontend and Node.js with WebSocket for real-time data transfer, this app ensures instant messaging between users.
