ABOUT ME

A highly motivated and dedicated developer with a solid academic background and a passion for technology. Recently completed HSC with an impressive rank and currently pursuing a Bachelor of Computer Applications (BCA) while actively learning full-stack web development. Proficient in a range of programming languages and technologies, including HTML, CSS, jQuery, Bootstrap, C, JavaScript, Node.js, basic Data Structures and Algorithms (DSA), Python, MySQL. Eager to leverage technical skills and knowledge in a challenging role to contribute to innovative projects and continuous learning.

KEY COMPONENTS

Technical Skills:

- Front-End Development : HTML5 , CSS3 , jQuery , Bootstrap , JavaScript , React.js
- Back-End Development : Node.js , Express.js
- Databases : MySQL (Basic) , MongoDB
- Programming Languages : C Language , JavaScript
- Algorithms and Data Structures : DSA (Basic)

PROJECTS

E-Commerce : [Github Link](#)

HTML , CSS , Bootstrap , JavaScript

- Integrated JavaScript to handle interactive elements such as product filtering, search functionality, and dynamic content updates.

Chat App: [Github Link](#)

React.js, Node.js, Json-server, Tailwind Css

- Our cutting-edge Chat Application is built with a modern tech stack to deliver seamless communication and an intuitive user experience. Leveraging React.js for frontend and Node.js with WebSocket for real-time data transfer, this app ensures instant messaging between users.
